

North Fort Myers Academy for the Arts

“Academics and Arts for life long learning in a safe and caring environment.”

Outstanding Arts School-Art School Network

Arts Achieve Model School

Dear North Fort Myers Academy for the Arts Families,

Welcome to the 2017-2018 school year at North Ft. Myers Academy for the Arts (NFMAA). NFMAA continues to strive for excellence in the academics and in the arts and I am looking forward to working with you all striving for excellence.

NFMAA raised the school grade to a “B” from the previous school year. We improved 81 academic points and were only 1 point away from an “A”. In addition to the academic accomplishments, NFMAA earned the Arts School Network Award and the prestigious Florida Arts Model School Award. These two outstanding awards certainly set NFMAA above the rest.

We will continue to improve by focusing in on our three initiatives which include the following:

Arts - The arts programs provides our students a comprehensive program second to none in the District, County or State. We will continue to focus on all areas in the arts and continually strive for excellence. As the new year begins, we will work to maintain existing arts programs and strive to reach even greater achievements helping our students reach their maximum potential within their art form.

Academics - Academics are a critical component to any school – it is our belief at NFMAA that every child should receive the best education possible. Our goal is to ensure that every student receives a quality education for the continued success of all students at NFMAA.

School Safety - It is the District’s goals to ensure the safety and security of all stakeholders. We have developed new safety procedures throughout the school to ensure the safety of all students. These plans include dismissal, parent pick-up and security. Our main priority is the well-being of your child.

Once again, I would like to express how excited I am about the upcoming school year. This is going to be a great 2017-2018 and I am looking forward to working together with you all to ensure the continued success of your child.

Sincerely,

Dr. Thomas C. Millins. Principal
